

AURA NUCCIO

WEB DESIGNER

My name is Aura, I live in Palermo and I'm a passionate web designer, cosplayer and social influencer.

I work from several years for a Telecommunication Company in Italy for which I create banner, user experience, website, graphic, logo and more.

I've got a big passion for comics and social media. In 2009 I organized the first Convention in Sicily dedicated to comics, movies and cosplay called "Cospladya Comics & Games" (more than 25.000 visitors in 2016).
